DEDICATED....

"WE DEDICATE THIS BUILDING"

"We now with gratitude and joy dedicate this house to the glory and service of the Triune God—Father, Son, and Holy Spirit. Unto the King eternal, even our Heavenly Father, who loved us and sent His Son to be the propitiation for our sins, we dedicate this house. To Jesus Christ the Son, our only Lord and Saviour, God over all blessed forever, in whom we have redemption in His Blood, even the forgiveness of our sins and everlasting life, we dedicate this house. To the Holy Spirit, third person of the Triune God, by whom we are born into the kingdom of God's dear Son; who indwells, teaches, empowers and sanctifies all those who become children of God through Christ, we dedicate this house.

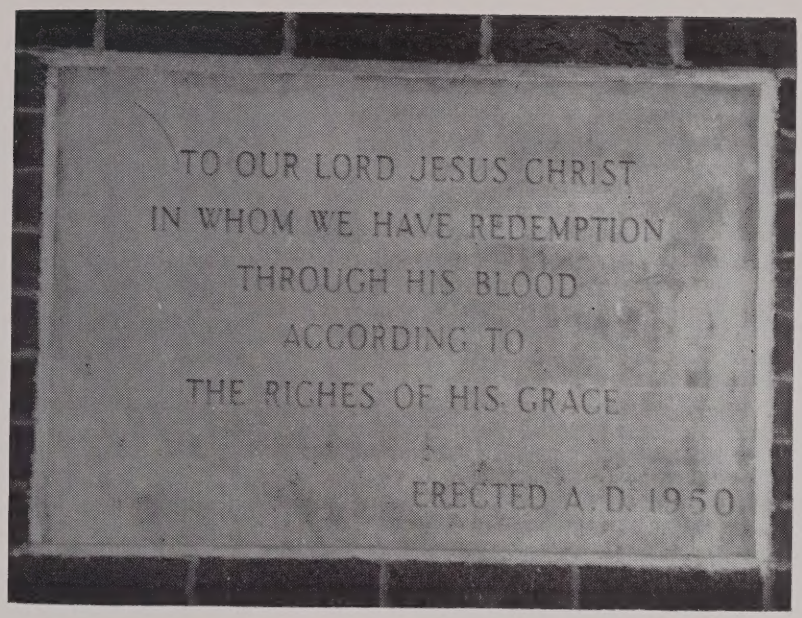

For the high and holy ministry of true Christian education, for the impartation of the changless truths of the Christian faith, for the faithful exposition of the written word of God, we dedicate this house.

For the worship of the only true God through Jesus Christ, the utterance of prayer in His holy name, and the giving of thanks and praise for His unfailing mercies and lovingkindness, we dedicate this house.

For the preparation of the servants of God, to carry the Gospel of God's grace in the Lord Jesus Christ to all nations, and for the eternal salvation of souls through faith in His name, we dedicate this house."

"Now unto him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us, Unto Him be glory in the church by Christ Jesus throughout all ages, world without end. Amen." —(From the Service of Dedication, Aug. 30, 1951)

"BEING SENT FORTH BY THE HOLY SPIRIT"

(*A message from the dean*)

These words describe those of long ago who were sent forth by the Holy Spirit. Their call to service was supernatural. Out of the sky, from out of Heaven itself, there came an earnest summons into service which produced in their hearts a "Woe is me, if I preach not the Gospel."

Their preparation was supernatural. At the feet of Christ through the ministry of the Holy Spirit they were taught the eternal verities concerning the Father, Son and Holy Spirit, and were transformed by the light of the knowledge of the glory of God that shines in the face of Jesus Christ.

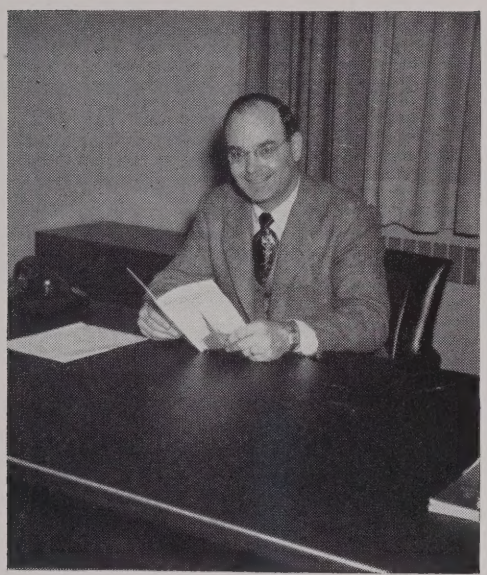

Their equipment was supernatural. Clothed as they were with the armor of God, girt about the loins with truth, having on the breastplate of righteousness, their feet shod with the preparation of the gospel of peace, and having on the helmet of salvation, they went forth with the shield of faith and with the sword of the Spirit which is the word of God.

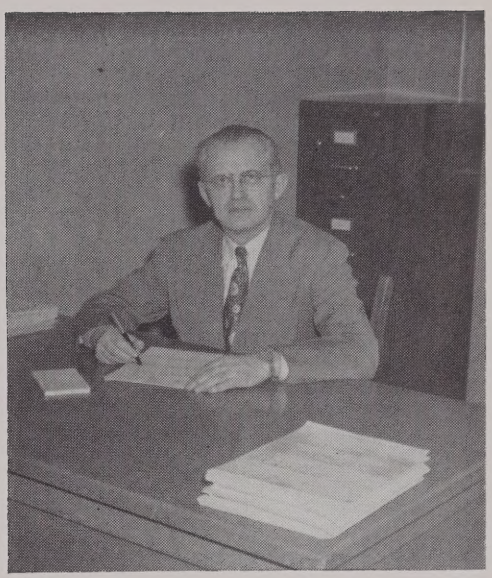

Their authority was supernatural. They were sent forth by the Holy Spirit. It is true that the Church unanimously sanctioned their going, and after fasting and prayer, gave these men their approval and blessing. But it was the Holy Spirit who spoke to them through the Church and in their own hearts.

Their mission was supernatural. No mind of man would ever have conceived the mission upon which they went. It was conceived in the heart of God, voiced in the ministry of that first missionary from Heaven to earth, the Lord Jesus Christ. It was crystallized at Calvary and sanctioned at the Tomb, and breathed into the heart and mind of these servants by the Holy Spirit.

What happened long ago is happening again today in Grace Seminary. Herein you will look upon the faces and features of men and women who have experienced the inbreathing of the same things by the Holy Spirit of God.

EPITELESMATIC VIEW OF CLASS OF 1952

The scene takes place in the lounge of the new men's dormitory of Grace Seminary in May, 1972. An old professor is talking to one of his colleagues:

"It hardly seems possible that twenty long years have passed since the Class of '52 left these halls! I can distinctly remember the solemnity of that Graduation Day. Just think! The first graduating class ever to use the "new" building. If they could only come back now and look down on the Seminary tower from the top of this twenty-story men's dormitory! You know, I was just looking through our files today, to see if I could trace the whereabouts of that famous class. You would be amazed at what I discovered.

"Do you remember *Dick Jackson?* He has finally become head coach of Claypool basketball team. In a recent game with Silver Lake, they were defeated 70-12, but Coach Jackson is planning to reorganize his entire team by purchasing new uniforms and a new whistle. But you ought to hear about *Bill McKillen!* I understand he has been featured as the most sensational YFC leader ever to hit the southern states! In fact, he's setting a new style with his phosphorescent shirts that turn colors at crucial points in the sermon. The largest halls have been packed out. They are calling him "Kill 'em Bill" now. Speaking of Bill, do you remember *Bill Smith?* Who ever thought that he would take Central America by storm, with *John Dilling* as his song leader? Those sermons in rapid-fire Spanish held thousands spellbound from Havana to Panama, but John finally persuaded him that scholarship was more important than evangelism, so they established an office in Mexico City, spending ten hours a day translating Keil and Delitzsch commentaries from the original German into Spanish. Dr. *Herbert Bess* has pronounced their work epoch-making in its significance, and is trying to persuade the library committee to purchase a complete set.

"The Class of '52 has certainly left its imprint on the continent of Africa! When the *Kennedys and Garbers* arrived on the field, they were asked to take charge of a new theological seminary there, with 300 picked students from all over Central Africa. One problem they faced during the first year was that the students couldn't stay awake in Prof. Garber's lectures which followed Lester Kennedy's physical education class. Lester admitted that a number of the students were collapsing from exhaustion after following him in ten-mile marathon runs through the jungles. But Martin is consoled with the fact that his Greek Exegesis lectures in Sango are soon to be published at the *Habegger-Christy Publishing House* in Bozoum. It was a long, involved process, however, because he had to rewrite his lectures twice to meet the strict grammatical specifications laid down by Miss Christy for all manuscripts that are accepted for publication. *Dr. Gail Jones* reports that Prof.

Garber has almost completely recovered from the shock of having his second manuscript rejected, and is feeling much better now.

"Speaking of the mission field, I received an interesting letter from *Jack Teeter* in Brazil. He tells me that the President of Brazil has been so impressed with the growth of the Brethren Mission there, that he has asked *Paul Miller* to help him put the Brazilian government on a smoother, more efficient operating basis. On a recent tour of the Upper Amazon valley, Jack noticed some unusual smoke signals rising above the trees, and discovered *Lester Smitley* teaching the Indians how to bake cakes! He told Jack that he has been waiting for fifteen years to have *Clair Brickel* come down and build a ten-story jungle cooking school, but Clair has been too busy trying to finish, single-handed, a new cathedral for *Maynard Tittle* in Dayton, Ohio. Maynard tells me that only three weeks ago a vast throng gathered at the cathedral to hear *Vivian McBride* sing, but the crowd had a tense moment during the service when Clair almost fell from a scaffolding near the ceiling.

"According to a recent report, the West Virginia Institute for Advanced Learning has been making real progress under the leadership of *Dr. Louis Sprowls.* The Vice-President of the Institute, *Prof. Richard Grant,* reports that his most promising student, *Robert McIntyre,* is about to receive his advanced degree after having spent twelve years working on a three-million word research project entitled, "The Influence of Babylonian Pottery Designs Upon Scottish Culture."

"The West Coast hasn't escaped the impact of this Class, either. Of course, you know I am speaking of *Howard Vulgamore* and *Evan Adams* in their great radio station, HVEA, located on the top of Mt. Whitney. Radio engineer Adams has been able to penetrate both the Iron and Bamboo Curtains with Vulgamore's fiery messages delivered in five languages ten times a day. But Russia is not escaping with a mere radio barrage. I have heard that all of Eastern Europe has been stirred up by the mammoth meetings held there recently by the *Smetana-Smouse* evangelistic party. In fact, the Russian government was so alarmed that it sent fifty OGPU agents to apprehend them; but Walt and Glenn managed to escape to Constantinople by way of the Black Sea. One evening, they decided to follow a crowd into the huge Cathedral of St. Sophia, to hear the Patriarch of Constantinople. The message was powerful, and was delivered in flawless Greek. So you can imagine their surprise, when they worked their way to the front of the cathedral to meet the Patriarch, only to discover that it was *John Harper!* John told them that he had a bit of difficulty bringing in the crowds until he got *Ralph Burns* with his musical saw. I understand that the two of them are now working together on a new Greek-English lexicon for future use by our students here. Oh well, it's a small world."

The Gospel Team of Grace Theological Seminary exists as an essential part of the school, not only because it is considered a vital part of practical Christian training, but because there is in the student's heart an almost spontaneous urge to tell to someone else the "good news" of the redemption that he or she has found in our Lord Jesus Christ. As a group of the students voluntarily go out from Sunday to Sunday as witnesses of His saving Grace, their hearts are caused to rejoice as they learn anew that the mighty arm of our Lord is still bared to save lost sinners for whom Christ died.

The Grace Theological Seminary Foreign Missionary Fellowship has endeavored to hold a missionary challenge before the student body of the school and to encourage those who are looking forward to foreign service. To accomplish this regular morning prayer meetings have been held from 7:10-7:30 A.M., considering the needs of the various fields of the world. In addition to these prayer services, several evening rallies have been held, varying from a memorial service to a fellowship banquet. Challenging messages and missionary films have been the source of rich blessing. A good percentage of the students of Grace Seminary are definitely interested in the foreign mission field and it is hoped that this interest will continue in the years to come. Paul Miller led the F.M.F. during the first half of the year and Martin Garber during the second half.

WINONA LAKE MID-WINTER BIBLE CONFERENCE ON PROPHECY

Something new was added this year to the fine schedule of special conferences. It was a great Bible conference on prophecy, sponsored jointly by the school and the American Association for Jewish Evangelism.

One need only to see the array of speakers to understand why it was considered such a great spiritual blessing. Dr. McKee lead the song services and sang several solos. This was followed by inspiring messages on the Servant of Jehovah by Dr. Torrey, discerning messages on the trends of the times by Dr. Ayer, searching messages on the future of the Jew by Rev. Centz and revealing messages on the errors of Seventh Day Adventism by Rev. Jones. In addition to this the fine film "Three Minutes To Twelve" was shown in the lower auditorium. All in all it was a thrilling harvest of spiritual truths for the student body and faculty and visiting friends.

ALUMNI CONFERENCE

SPEAKERS: R. Stoll, L. Pifer, H. Etling

Alumni Banquet

This year saw the first of the annual Alumni conferences and reunions at Grace. Inspiring messages from the Word of God were delivered by Dr. Ralph H. Stoll and Rev. Lester Pifer while Rev. Harold Etling presented four lectures on the work and maintenance of the Sunday School. During the week the "old grads" stood around the new halls reminiscing while the under grads sat around in the class rooms wishing. The conference was climaxed by a banquet at the Eskimo Inn.

FACULTY RECEPTION

FACULTY RECEPTION

Each year the new students are greeted and welcomed along with the returning students at the faculty reception. This is a time of lightness and gaiety and is always enjoyed by faculty and students alike. It is a time when the students meet personally the faculty members and their wives and when they can become acquainted with the men and women with whom they will be studying and working and playing for the coming year. As can be seen this function is always very well attended and though at first the atmosphere is a bit formal and reserved it usually warms up and becomes friendlier through a program of music and student welcoming speeches. As always the Word of God is given its rightful place through a devotional period. This year missionary Lynn Schrock spoke to the group. The evening is capped by refreshment served by the faculty wives. It is during this time that there is much milling around and getting acquainted. Thus the social program at Grace is initiated.

FALL RETREAT

Not all activities are formal and not all are held at school. One that is always a success in more ways than one is the retreat. Games, gab, grub and the gospel characterize the day. Another way to foster and develop the social and physical side of the Christian experience.

JUNIOR TREAT

The Middlers and Seniors await the announcement of this event with great anticipation for it is a time when the Juniors and First Year Collegiates treat the rest of the school to a feed and a program. Each year it becomes bigger and better and the progression was continued this year. The program featured a skit portraying a few days in the life of an average (?) seminary student and as usual several prominent persons received attention. Wives of the host classes served a delicious meal.

SENIOR SNEAK

One event of the year is always shrouded with mystery and intrigue. It is the senior sneak. It has become the sacred duty of the middler class to disrupt as much as possible the plans that the seniors lay for this day of vacation and fellowship. It can be reported, however, that this year's graduating class G-2'ed their sneak so well that it was kept an absolute secret and came as a surprise to everyone (except the seniors.) The day was spent at Greenfield village and was in the opinion of all a wonderful experience. The pictures are virtually self explanatory.

SPORTS AT GRACE

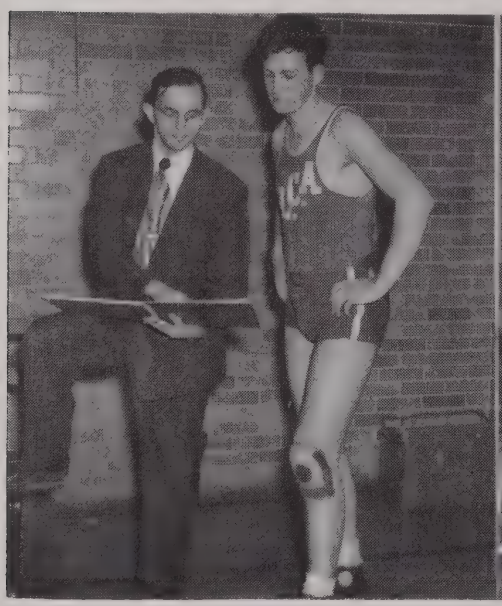

The physical side of the Christian life is not neglected as can be seen by the above. Both indoor and outdoor sports are engaged in with equality, enthusiasm and profit.

Basketball became the first organized atheletic event at Grace and the team above will be the first to wear the gold "G" of Grace Seminary as for the first time letters were awarded to the players. Coach Jackson who has spent three years establishing basketball at Grace was awarded an honorary letter.

Coach Jackson talks over the strategy with Capt. J. Hoffmeyer during game with Claypool.
